<p>Workshop Description: Food safety is the responsibility of every person in school nutrition programs. Every action has the potential to impact the safety of the food, whether during purchasing, storing, preparing, holding, serving or cleaning. This comprehensive food safety training course provides guidance for school nutrition professionals to assure the preparation and service of safe food and how to manage a safe and sanitary school nutrition operation.</p> <p>Lesson topics:</p> <ul style="list-style-type: none"> • Food Safety is Top Priority • Prevent Foodborne Illness: Understanding Microorganisms • Basic Facts About Microorganisms • A Clean and Sanitary School Nutrition Facility • A Process for Preventing Foodborne Illness • Food Safety Programs in Schools 	<p>Workshop Description: This training provides a basic overview of nutrition with an emphasis on the importance of balance in daily food choices and the inclusion of physical activity as a key component to good health. The training incorporates a variety of learning activities including short physical activity boosters.</p>

FYI.....SNA Members can become Certified with 8 hr Food Safety + 8 hr Nutrition course. Applications will be available at workshops. Visit SchoolNutrition.org for more information.
